

EDUCATION / EURO
SPINE

EduWeek 2025

ADVANCED

1

**Extended Indications
and Advanced
Operative Techniques**

General Information

EUROSPINE, the Spine Society of Europe
c/o Pfister Treuhand AG
Bankstrasse 4, 8610 Uster-Zurich, Switzerland
W: www.eurospine.org

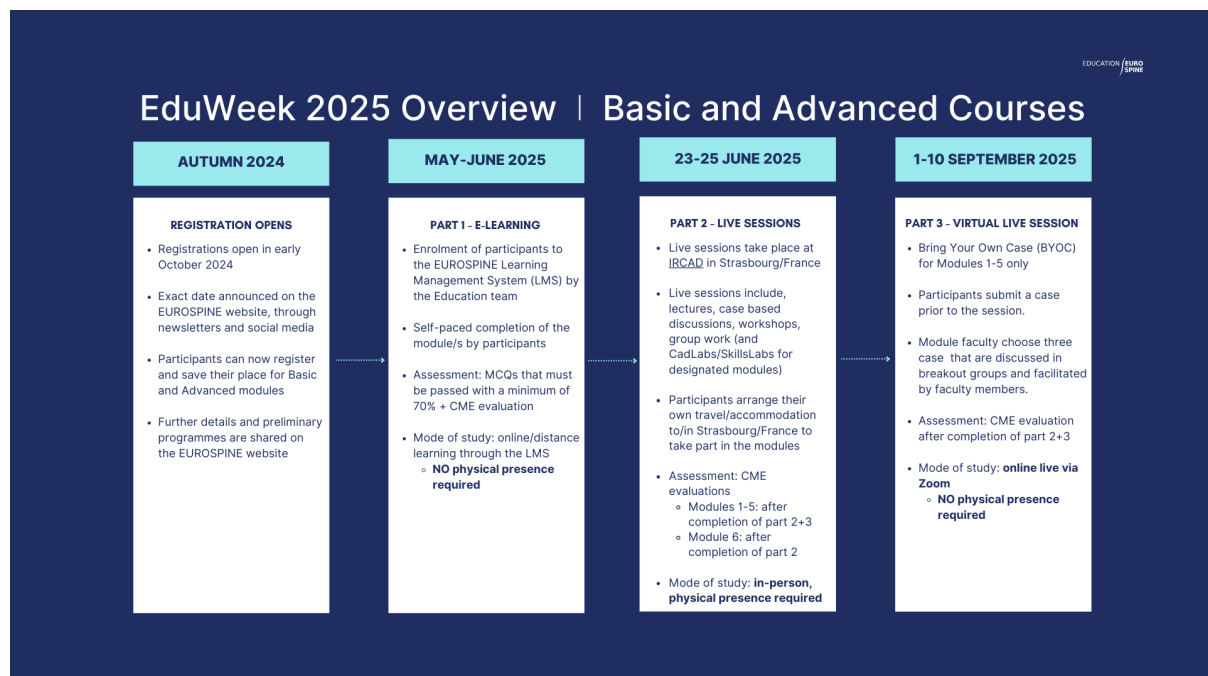

Chair of Education Committee
Paulo Pereira
E: education@eurospine.org

Director of Education and Research
Julie-Lyn Noël
E: noel@eurospine.org

Education and Research Manager
Oriana Pivetta
E: pivetta@eurospine.org

Module Chairs
Dominique Rothenfluh, Switzerland
Peter Vajkoczy, Germany

Module Faculty
Claudio Lamartina, Italy
Ibrahim Obeid, France
Florian Ringel, Germany
Alpaslan Senköylü, Turkey

Quick Facts

| | |
|---------------------------|---|
| DATES & TIMES | <p><u>Live session</u> DAY 1: 23 June 2025 (09:00-17:00 CEST) AND DAY 2 (CadLab): 24 June 2024 (08:00-12:30 CEST)</p> <p><u>Virtual live session</u> 09 September 2025 (18:00-19:30 CEST)</p> |
| LIVE SESSION VENUE | IRCAD, 1 Place de l'Hôpital, 67000 Strasbourg, FRANCE |
| MAX. ATTENDEES | 30 delegates |
| REGISTRATON FEES | EUROSPINE Member: €800 Non-member: €1,000 |
| CME CREDITS | Accreditation by the European Board for Accreditation of Continuing Education for Health Professionals (EBAC) is pending |
| LANGUAGE | English |
| DRESS CODE | Smart casual |
| E-LEARNING | <p>A computer (Mac/PC) or tablet (Android/Mac) and stable internet connection are required to access the e-learning content.</p> <p>In preparation for the live session, the mandatory self-paced e-learning component will be available from May 2025 on the EUROSPINE Learning Management System (LMS). <u>This component must be completed before the live session.</u></p> |
| MODULE COMPLETION | <p>A module is only deemed as complete when participants have met ALL of the following conditions:</p> <ul style="list-style-type: none"> • Passed the e-learning with at least 70% AND • Attended the live session AND • Attended the virtual BYOC live session AND • Submitted the course evaluations for the e-learning and the (virtual) live session component |
| TARGET AUDIENCE | Trained surgeons who have completed their European Spine Course Diploma or trained and practicing surgeons with more than 2 years of experience. |
| IMPORTANT (!) | <ul style="list-style-type: none"> • Completion of e-learning module is mandatory • Attendance of the live session and virtual live session is mandatory • Upon registration, participants must provide evidence that they meet the requirements to attend the Advanced Course by providing a copy one of the following by email: Basic Diploma, CV or recommendation letter from department head |

PART1 - E-learning Programme

(available from May 2025)

| Time/Duration | Topic |
|---|---|
| Craniocervical Junction | |
| 00:21 | Indications for craniocervical junction fixation surgery |
| 00:15 | Indications for anterior resection techniques at the CCJ |
| 00:10 | How do I do it: endoscopic transnasal odontoid resection |
| 00:15 | C0/C1/C2 fixation techniques |
| 00:20 | Knowledge check questions |
| Cervicothoracic Junction | |
| 00:26 | Instrumentation in the cervicothoracic junction |
| 00:16 | Tumours expanding to the spine |
| 00:18 | Kyphosis correction techniques and indications |
| 00:20 | Knowledge check questions |
| Thoracic Spine | |
| 00:13 | Indications and techniques for thoracic disc herniation surgery |
| 00:34 | Indications for thoracic en bloc spondylectomy |
| 00:27 | How do I do it: thoracic en bloc spondylectomy |
| 00:19 | Minimally invasive thoracic instrumentation and augmentation |
| 00:20 | Knowledge check questions |
| Adolescent Idiopathic Scoliosis (AIS) | |
| 00:31 | Indications for conservative management and surgery in AIS |
| 00:23 | Surgery principles in AIS |
| 00:23 | Spinal Cord Monitoring in Deformity Surgery |
| 00:20 | Knowledge check questions |
| Lumbar Degenerative Deformities | |
| 00:20 | Sagittal balance and operative planning |
| 00:20 | Correction osteotomies |
| 00:15 | Augmentation in the osteoporotic spine |
| 00:11 | How do I do it: sacral/pelvic fixation technique |
| 00:20 | Knowledge check questions |
| High-Grade Lumbar Spondylolisthesis and Tumour Surgery and Reconstruction & Intradural Tumours | |
| 00:14 | Surgical techniques and indications in high grade spondylolisthesis surgery |
| 00:09 | How do I do it: sacral dome resection |
| 00:16 | Indication and techniques of sacral tumour resections |
| 00:18 | Indications for neo-adjuvant therapies in spinal tumours |
| 00:17 | Indications and techniques for intradural extramedullary lesions |
| 00:15 | Intramedullary tumours |
| 00:20 | Knowledge check questions |

PART 2 - Live Session Programme

| DAY 1 23 June 2025 | |
|--|---|
| 09:00–10:30 | Cases |
| 10:30–10:45 | Coffee break |
| 10:45–12:05 | Cases |
| 12:05–13:05 | Lunch |
| 13:05–15:05 | Cases |
| 15:05–15:20 | Coffee break |
| 15:20–17:00 | Cases |
| DAY 2 24 June 2025 | |
| 07:50 – 08:00 | Preparation for CadLab workshop (sign-in, changing, going to assigned tables etc) |
| 07:50–12:30 (incl. 1x30 mins. Break around 10:00-10:30) | Cadaver Lab Workshop |
| 08:00 - 10:00 | Session 1 |
| 10:00 – 10:30 | Coffee break |
| 10:30 – 12:30 | Session 2 |
| 12:30 | END OF LIVE SESSION |

| Case discussions (Faculty to be allocated) | | |
|---|-----------------------|-----------------------|
| Topic | Case presenter | Expert Opinion |
| Introduction | | |
| Spinal cord anomalies | | |
| Cervicothoracic PVCR and reconstruction / Upper th spine kyphosis | | |
| Cranial settling or any craniocervical junction problem | | |
| Spinal metastasis | | |
| Severe AIS | | |
| Degenerative deformity | | |
| Spinal primary bone tumor | | |
| Intramedullary tumor | | |
| Conclusion /Wrap up | | |

| Cadaver Lab Workshop | |
|--|--|
| Posterior thoracic and en bloc vertebrectomies | |
| Cervicothoracic fixation | |
| PSO, Ponte Osteotomies and iliosacral fixation | |

PART 3 - Virtual Live Session

Bring Your Own Case (BYOC)

| 09 September 2025 18:00 – 19:30 CEST | |
|---|------------------------|
| 15:00-15:05 | Introduction |
| 15:05-15:25 | Breakout session 1 |
| 15:25-15:30 | Discussion 1 |
| 15:30-15:50 | Breakout session 2 |
| 15:50-15:55 | Discussion 2 |
| 15:55-16:00 | Break |
| 16:00-16:20 | Breakout 3 |
| 16:20-16:25 | Discussion 3 |
| 16:25-16:30 | Wrap-up and conclusion |
| END OF MODULE | |

Learning Outcomes

At the end of the module, participants will be able to:

1. List indications for surgeries in the spinal junction areas and understand associated pathologies;
2. Describe surgical techniques in the spinal junction areas and weigh their pros and cons;
3. Understand the basic principles of degenerative deformities and high-grade spondylolisthesis, list surgical indications and formulate surgical plans;
4. Understand and apply the basic principles of idiopathic adolescent scoliosis;
5. Describe the technique for radical excision surgery in spinal tumours and list complications and indications;
6. List indications and describe surgical approaches

Learning Outcomes – Bring Your Own Case (BYOC)

The module concludes with the Bring Your Own Case (BYOC) virtual live session. The BYOC is a case-based learning session based on the participants own practice or experience. Participants will be asked to submit a case on the module topic before the virtual live session.

The cases are ideally the participant's own case and should preferably present questions with no single right answer or dilemmas. The cases could also be from their own departments and ideally, the participant should have had some personal connection or have at least seen the case.

The cases will be shared with assigned faculty preceptors who will process the cases and determine the line-up and order of discussion. Some cases may be grouped with that of other colleagues in discussion.

At the end of the session participants will be able to:

- Synthesise background knowledge and principles on the topic (module name) and apply to their own case and other cases presented
- Identify dilemmas and issues with their own case and other cases presented
- Raise points and questions on their own case and other cases presented
- Defend their positions regarding their own case and cases presented during the discussion
- Recognise and understand diverse perspectives from other participants and faculty
- Assimilate new ideas, new techniques and information, and adopt them appropriately in practice
- Formulate clinical decisions, strategies and generate possible solutions on their own case and other cases presented
