

Munich Endoscopic Spine Summit

Hosted by Prof. Dr. C. Siepe

Faculty Team

Prof. Dr. G. Elgeadi
San Jose Hospital,
Spain

Dr. M. Taha
Erbil International
Hospital, Iraq

Dr. M. Bujko
State Medical
Institute of the
Ministry of Interior
and Administration
in Warsaw

Dr. G. Alkir
Clinical Manager
RIWOSpine GmbH,
Germany

Dr. M. Mikhael
St. Anna Hospital
Herne, Germany

Dr. A. Yörükoğlu
Florence
Nightingale
Hospital Istanbul,
Türkiye

Dr. M. Ayman
Schön Klinik
Munich, Germany

- **International Symposium I** Feb. 14th
- **Introductory Course I** Feb. 14th
- **Intensive Course I** Feb. 15th, incl. Symposium
- **Master Class Stenosis/Fusion Course I** Feb. 13th, incl. Symposium

February 13th - 15th, 2025

LMU Munich
Adina Hotel Munich

Program / General notes

Master Class Course

Lumbar Stenosis & Fusion I Feb. 13th

Including participation at the Symposium I Feb. 14th

February 13th, 2025

- 08:30 h Welcome & Introduction
- 08:45 h **Lecture:**
Concept of full-endoscopic lumbar stenosis decompression and fusion
- 09:15 h **Hands-on session 1 on human specimen:**
Practical exercises for foraminal, recess and central lumbar stenosis decompression
- 12:00 h Lunch Break
- 13:00 h **Hands-on session 2 on human specimen:**
Practical exercises for full-endoscopic disc space preparation, expandable cage placement, pedicle screw fixation
- 16:00 h Final discussion
Closing

Registration:
education@riwospine.com

www.riwospine.com

Organization Office:

RIWOspine GmbH
Ms. Emely Böhm
Tel.: +49 7043 35-4943
education@riwospine.com

Language:

All lectures, presentations and discussions will be conducted in **English**.

Course fee:

EUR 2.350,- + VAT

Course location:

February 13th:
LMU Munich / Anatomical
Institute

February 14th:
Adina Hotel Munich

Program / General notes

Intensive Course

for Full-endoscopic Spine Surgery I Feb. 15th
Including participation at the Symposium I Feb. 14th

February 15th, 2025

- 08:30 h Welcome & Introduction
- 08:45 h **Lecture**
Basic steps for full-endoscopic interlaminar technique
- 09:15 h **Hands-on session 1 on human specimen**
Demo: Interlaminar approach
Practical exercises:
Full-endoscopic discectomy and laminotomy
- 12:00 h Lunch Break
- 13:00 h **Lecture**
Basic steps for full-endoscopic foraminal technique
- 13:20 h **Hands-on session 2 on human specimen**
Demo: Foraminal approach
Practical exercises:
Full-endoscopic discectomy and
foraminotomy/foraminoplasty
- 16:00 h Final discussion
Closing

Symposium & Introductory Course | Feb. 14th

08:30 h	Welcome & Introduction, <i>C. Siepe</i>	13:40 h	How to manage complications? <i>M. Mikhael</i>
08:40 h	Overview of full-endoscopic techniques in spine surgery, <i>C. Siepe</i>	14:00 h	Concept of full-endoscopic lumbar fusion, <i>G. Elgeadi</i>
09:10 h	Standardized steps for interlaminar and foraminal approaches, <i>A. Yörükoglu</i>	14:20 h	Full-endoscopic posterior cervical foraminotomy, <i>M. Bujko</i>
09:30 h	Tips & Tricks, <i>M. Taha</i>	14:40 h	Break
10:45 h	Break	15:00 h	Participants for introductory course: Hands-on session 2 on anatomic simulators Instructors: <i>M. Taha, A. Alkir, M. Ayman</i> • Basic steps foraminal approach • Needle placement with EM navigation
11:00 h	Live-Demo on anatomic simulator: Full-endoscopic over-the-top decompression, <i>C. Siepe</i>		
11:30 h	Participants for introductory course: Hands-on session 1 on anatomic simulators Instructors: <i>A. Yörükoglu, A. Alkir, M. Ayman</i> • Basic steps interlaminar technique • Interlaminar drilling		
	Parallel session:		Parallel session: Advanced techniques
11:30 h	Surgical Case presentation & discussion, <i>C. Siepe, M. Bujko, M. Mikhael, G. Elgeadi</i>	15:00 h	Indications and techniques of full-endoscopic surgery at the thoracic spine, <i>M. Mikhael</i>
12:30 h	Lunch Break	15:20 h	Full-endoscopic decompression for Chiari malformation, <i>A. Yörükoglu</i>
13:20 h	How to identify intraoperative challenges and complications? <i>C. Siepe</i>	15:40 h	Discussion
		16:00 h	Final discussion & Closing, <i>C. Siepe</i>
		18:00 h	City tour
		19:00 h	Group dinner
